WEEKLY SESSIONS:

iWeb: Web Page Design

[Ages: **All Ages** / Tuesdays: 6:00 p.m. – 8:00 p.m. / Sessions run for 4 weeks]
[* **BEGINS – July 5th**]

Are you familiar with basic HTML programming, and want to take your skills to the next level? Come learn the basics of Microsoft Creative Expression Web 2, a 'web authoring tool' that will take your website to the next level!! Participants will be introduced to the Creative Expression Web interface, and learn how to set up a dynamic personal website within hours.

Web Surfing 101: Introducing the World Wide Web

[Ages: **All Ages** / Wednesdays: 10:30 a.m. – 12:00 p.m. / Sessions run for 4 weeks]
[* **BEGINS – July 6th**]

Are you new to computers, and somewhat scared of this new-fangled 'Internet' technology? Fear not - come learn Internet basics with other new 'Techies' in the **Web Surfing 1010** program! Learn how to 'surf' in the online environment, with sessions focusing on: **internet, email, social networking** and **blogging** basics. If you're curious how the Internet works, come get answers to many of the basic questions / functions that you need to know to effectively work online.

Dollars and Sense: Money Matters For Your New Life In Canada

[Ages: **All Ages** / 12:00 p.m. – 2:00 p.m. / Sessions run for 2 weeks]
[* **Workshop Dates – July 20th / July 27th**]

In this new four part series, new residents to Canada will learn basics about banking and budgeting. Over four weeks, session participants will:

- Learn about basic banking and some of the differences between a chequing and a savings account.
- Learn how to control your spending and the possible effects of consumerism.
- Learn how to budget and avoid getting into debt when facing financial difficulties.

Those interested in the 'Dollars and Sense' program should contact Brennan Heath at:
BHeath@tropicacommunity.org

ImageMod: Adobe Photoshop Basics

[Ages: **13-30** / Wednesdays: 4:00 p.m. – 5:30 p.m. / Sessions run for 4 weeks]
[* **BEGINS – July 6th**]

Having quickly become *'the'* industry standard program for image manipulation, a basic knowledge of Adobe Photoshop is a must for any career in New Media. Using the latest version of Photoshop CS4, those interested in website and graphic design shouldn't miss ProTech's **ImageMod: Adobe Photoshop Basics** program. Using hands-on examples, class participants will be shown techniques to assist them in photo correction and image manipulation.
